“ Our deepest condolences to the Johnson family and friends. I have been a Reed Johnson fan forever. I will never forget his generous support and loyal friendship to our family. His playful humor, from the “claw” to his contagious laugh. He was one of the Dads that looked after all of the kids on our street. He once picked up a model T car, that I drove off the track at Kings Island. I was too little to be driving. He saw the fear in my eyes and saved the day. It turned out to be a precursor to many creative stories of damaged Chrysler company cars, which he always seemed to think were funny. He was on to me for sure. He was a loyal friend to my father, dedicated to their friendship in the good times and in the roughest of times. I will always be grateful for his kindness and generosity. May he Rest In Peace and his memory comfort all that miss him.

“ Our thoughts and prayers go out to Reed's family and friends. Reed and Carol have been part of our family at the Earl Heck Center for many years now. Reed was one of the kindest people I've ever known and he is going to be dearly missed by all of us at the Heck Center.

“ Wow. What can I say. The last member of the Fearsome Foursome, Reed, Doug , Galen, and Vito, my Pops. That group was synonymous with our childhood. I remember summer nights listening to the Reds and running around the neighborhood. I recall card games when we were in the basement listening to the the adults hooting and hollering. I remember Reed and my Dad making the trips to drop me off and pick me up in college. I remember having a few adult beverages at the legion. He and the other guys were like second Dads to us. RIP, I know the other three have been looking for a fourth And

“ Reed was truly one of the sweetest people I've ever known. I never heard an unkind word from him about anyone, ever. He was generous with the hugs and had a way of making you feel special, even when you didn't see him for long stretches of time. He will be missed until we see him again.
